REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 2-17 and 19-24 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims. As to claims 4, 2, 3, 9, 11 and 23, the prior art of record does not teach a packet bit error rate tester (BERT) connected to the bus, the packet BERT able to determine bit error rates of at least one of the multiple parallel ports and the multiple serial ports disabled to provide a specific configuration for the transceiver. As to claim 5, the prior art of record does not teach wherein the multiple parallel ports include two parallel ports and the multiple serial ports include four serial ports. As to claim 6, the prior art of record does not teach the multiple parallel ports are XGMII parallel ports. As to claim 7, the prior art of record does not teach wherein the multiple serial ports are XAUI serial ports. As to claim 8, the prior art of record does not teach wherein the serial ports convert between a XAUI serial protocol and a XGMII parallel protocol using a XGXS conversion protocol.

As to claims 10, 17, 19-22 and 24, the prior art of record does not teach wherein the parallel bus includes multiple transmission lines having a common path length. As to claims 12-16, the prior art of record does not teach at least one management pad, the management pad able to determine data protocols and electricals for the transceiver. Any comments considered necessary by applicant must be submitted no later than the
